YOUR ECOTOURISM ADVENTURE IN MONTENEGRO

Full itinerary:

DAY 1 – BEST BEER? LOCAL BEER

Friday after work we bet that you love to go for a beer to celebrate the beginning of weekend. On this tour we didn't want to change that routine, so you'll get to enjoy a beer over visit to a local brewery and learn more about craft beer production. The right time to learn the saying "once you go craft, you don't go back".

Accommodation – questhouse Nikšić 3* (b&b).

DAY 2 – LAKE OF THE HIGHLANDS

Nikšić region hides some of the most breathtaking landscapes you can imagine, and today we are heading to discover one of those. In the area of brave shepherds and katuns, where summers are mild, but winters snowy and harsh, you'll go on a memorable hiking tour. Route will include mountains pastures, gorgeous nearby peaks but also Captain's Lake, place of peace and serenity at 1678m of elevation, also rich with trouts and, if warm enough, welcoming for swimming.

Hike is 3-5 hours long, depending on the pace, but it is an easy trail. Pocket lunch in the centre of Montenegro, by a gorgeous lake, that is not so bad. 😊

We suggest spending an evening in one (or more) cool local pubs, with good music and of course good beer.

DAY 3 – KAYAKING AND A FARM FEAST

Let's make this day a bit adventurous with 5-hour kayaking tour where you'll get the Salt Lake view from the water - it is pretty spectacular.

In the afternoon heading to a lovely goat farm nearby - home of two brothers, that are combining goat cheese production with honey making and beekeeping. There you will be served traditional Montenegrin (late but plentiful) lunch and specialty of roasted meat and potatoes „under the bell“.

After the lunch, head home, leaving the mountains behind but keeping the great memories to inspire your next adventure.
